Multi-Purpose Building Discussion – Estimates for framing and roofing were received from Allen Miller Builders and reviewed. Building Plans need to be revised to 48' X 92'. Replacing the concrete stairway with a steel Stairway and landing should help reduce cost.

Mark discussed information he has received from the surveying company. They will try to determine the property line and whether the alley runs alongside the property line, or if the property line is in the middle of the alley. We may need to petition the village along with the elevator, and other property owner to abandon the alley.

Discussion was held as to how to get the Beacon Backers more involved in the process, and to hold a combined meeting in April. The Beacon Backers are planning another fundraiser in the spring along with the Student Showcase.
